RE: Faith Fellowship Church
use of Building at
14600 Catalina ST. San Leandro
CA. 94579

Dear Mr Simms,

March 28th, 2007

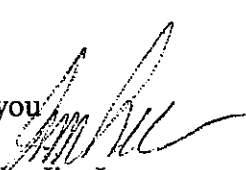

We are applying for a CUP for "entertainment activities" use in the existing IP district, SAME-CHURCH-USE, so we can have a basis upon which to begin processing the CUP application. This will be a parallel application to the existing zoning code amendment we have in process currently.

We have out grown the facility we are at currently, and along with that, we have a grossly inadequate parking situation. It is our desire to stay relatively close to the community we serve, and also relieve the over crowded conditions we currently endure. The new property has plenty of parking, and ample street parking on Catalina.

We feel that the four hours we spend on Sunday at the new proposed location will not negatively effect the current traffic flow that exists. By leaving the current facility, the traffic and parking problem will go away, and the residents around the 577 Manor blvd property will have some welcome relief from traffic congestion and parking issues on Sundays. Additionally, the businesses that surround our new facility will be less venerable to theft and vandalism because of an increased presence by our people during times when those businesses are normally closed.

We will also make our facilities available when possible for established organizations such as the Boy and Girl scouts, Four H clubs, and others at the sole discretion of Faith Fellowship Church, after a review and applications process.

Thank you

Sincerely, Jim Lee
Faith Fellowship Church
